SUMMARY

I'm Prem Kalauni, and I absolutely love working on front-end development. Creating beautiful and user-friendly websites is my passion. I enjoy the creative process of making web pages look and function perfectly. It's not just a job; it's what I truly enjoy doing .

TRAINING/CERTIFICATIONS

MICROSOFT
OFFICE
PACKAGE
TRAINING
2019

IT ZONE COMPUTER

After completing comprehensive training in the Microsoft Office Package, I have gained a wealth of valuable skills that have significantly improved my productivity and efficiency in various professional tasks. Among the many advantages I have gained are:

- Proficiency in Microsoft Word
- Excel Expertise
- Powerful Presentations
- Data Organization with Access
- Time Management
- Professional Certifications

ACADEMY

BSC CSIT
November, 2019 -
Present

● **Siddhanath Science Campus , Mahendranagar**

I am currently pursuing a BSC in CSIT. This program allows me to delve deep into the world of computers and technology. I'm passionate about learning how to create software, manage data effectively, and set up robust computer networks. With each course and project, I'm gaining valuable skills that will prepare me for a successful career in the tech industry. I am excited about the endless possibilities and challenges that this field has to offer, and I am determined to make the most of my educational experience.

**INTERMEDIATE
OF SCIENCE**
January, 2017 -
October, 2019

● **Shree Kulau Higher Secondary School , Baitadi**

Intermediate science typically refers to an educational program that focuses on science subjects and is usually undertaken after completing secondary or high school education. This program is designed to provide students with a strong foundation in various scientific disciplines, including physics, chemistry, biology, mathematics, and related subjects.
